VI. LIMITED ENGLISH PROFICIENCY (LEP) PLAN

United Cerebral Palsy/Ride-On Transportation (UCP/Ride-On) has developed a Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to UCP/Ride-On services as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English. This plan has detail procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates. In developing the plan UCP/Ride-On has determined the extent of obligation to provide LEP services, t UCP/Ride-On has undertaken the U.S. Department of Transportation four factor LEP analysis which considers the following: 1) The number or proportion of LEP persons eligible in the UCP/Ride-On service area who maybe served or likely to encounter an UCP/Ride-On program, activity, or service; 2) the frequency with which LEP individuals come in contact with a UCP/Ride-On service; 3) the nature and importance of the program, activity or service provided by UCP/Ride-On to the LEP population; and 4) the resources available to UCP/Ride-On and overall costs to provide LEP assistance.

VII. COMMUNITY OUTREACH

As an agency designated as the Consolidated Transportation Services Agency for San Luis Obispo County, we have made the following community outreach efforts:

United Cerebral Palsy/Ride-On Transportation attends monthly meetings of the Adult Services Policy Council, which is attended by over 40 agencies serving seniors and people with disabilities. Access to transportation services is on the agenda and UCP/Ride-On responds to requests for transportation services. UCP/Ride-On attends 12-15 information fairs around the County each year to provide transportation information and seek feedback from the community. UCP/Ride-On has two representatives on the San Luis Obispo Council of Government's Social Service Transportation Advisory Committee. UCP/Ride-On has survey cards on all of their vehicles to get feedback from our riders.

United Cerebral Palsy/Ride-On Transportation participates in a Short Range Transit Plan and a Performance Review every three years. Both of these reviews evaluate UCP/Ride-On's marketing plan, which includes community outreach. We have four employees in our office who speak fluent Spanish and we always have a Spanish-speaking employee available.

IX. SUBRECIPIENTS MONITORING

Primary recipients shall ensure sub-recipients are complying with Title VI. Sub-recipient Title VI program shall be submitted every three years in line with the primary recipients program. Sub-recipients will also submit annual complaint logs to primary recipient which will be kept in an electronic storage device for further review by FTA as necessary.

XI. EQUITY ANALYSIS FOR BUILDING SITE

An equity analysis was not required when UCP/Ride-On leased our current buildings eight years ago.

XII. RESOLUTION APPROVING TITLE VI PLAN

A copy of this resolution can be found in Appendix H of this Plan.

XIII. SERVICE STANDARDS

Vehicle Load Standards

UCP/Ride-On uses a standard of 1.0 ratio as the maximum vehicle load because they do not allow standees on any vehicles. UCP/Ride-On is a door-to-door paratransit service that secures all riders in wheelchairs and requires all ambulatory riders to sit in a seat secured by a seat belt.

Vehicle Headway Standards

Service operates seven days a week, throughout UCP/Ride-On's transportation system.

Scheduling involves the consideration of a number of factors including: ridership productivity, transit/pedestrian friendly streets, density of transit-dependent population and activities, relationship to the Regional Transportation Plan, relationship to major transportation developments, land use connectivity, and transportation demand management.

On-Time Performance Standards

Fixed route service is considered on-time if at no point the bus is six or more minutes late. The goal is 90% or greater. As presented below, UCP/Ride-On has far surpassed the goal during each month of FY12-13

UCP/Ride-On continuously monitors on-time performance and system results are published and posted as part of monthly performance reports covering all aspects of operations.

Service Availability Standards

UCP/Ride-On will try to distribute transit services to 100% of San Luis Obispo County.

XIII. SERVICE POLICIES

Vehicle Assignment Policy

Vehicles are assigned by routes based on the number of wheelchair riders the route has on their regular subscription routes. Some drivers are assigned to “float” routes which are assigned one time rides that are not subscription rides. Some of UCP/Ride-On vehicles do not have wheelchair access and their scheduling software makes sure that individuals with wheelchairs are scheduled onto a vehicle with wheelchair access.

All buses are also equipped with air conditioning.

Transit Amenities Policy

Installation of transit amenities along bus and rail routes are based on the number of passenger boardings at stops and stations along those routes.

Appendix A Employee Annual Education Form
